

TOP 10 COMMUNITY DESIRES

What we heard...

Potential Solutions

S

1 Improve walkability + pedestrian safety

- Construct new sidewalks and improve existing ones
- Enhance crosswalks
- Move utilities underground

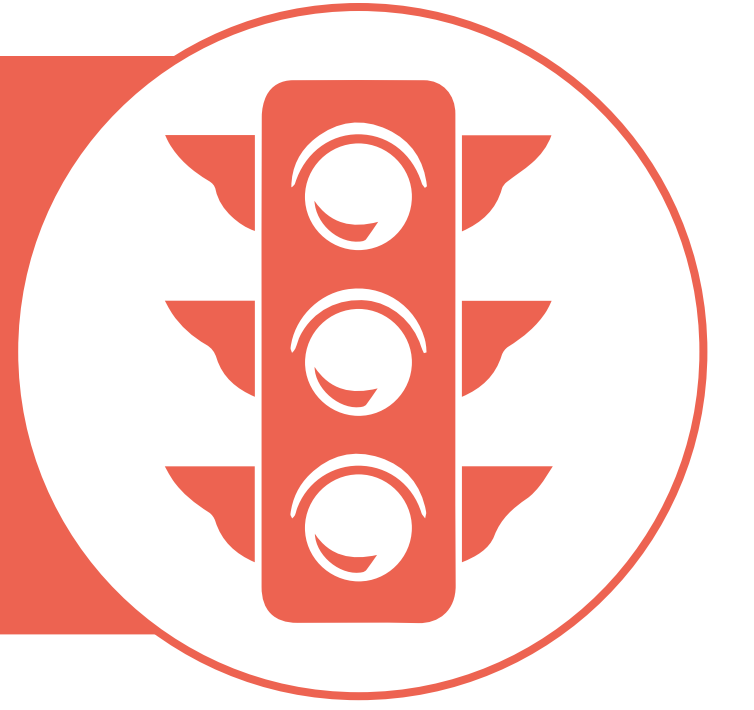

2 Extend the bicycle network

- Provide bike lanes and share the road signage

3 Address traffic issues downtown

- Optimize traffic signal timing
- Traffic calming techniques
- Improve the intersection of 18th Street S and 28th Avenue S

4 Streetscape beautification

- Improved maintenance program
- Updates to the landscape ordinance

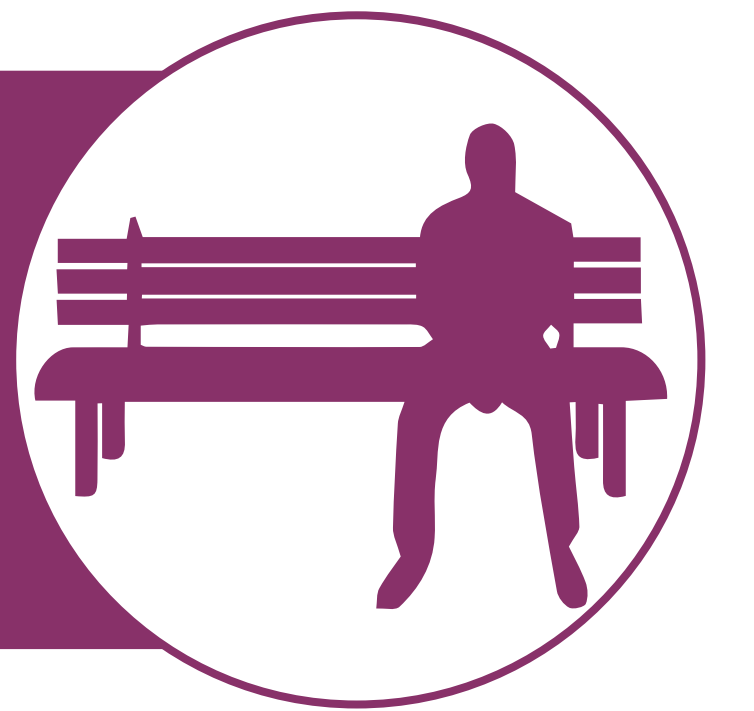

5 Provide additional shade + landscaping downtown

- Install native species that provide clear views to storefronts
- Encourage the use of green infrastructure

6 Provide street amenities + create gathering spaces

- Benches, bike racks, pet waste stations, trash receptacles + light posts

7 Improve parking availability

- Encourage shared use agreements
- More parking garages
- Enforce parking limits

8 Create a greener Downtown

- Pocket parks
- Enhance existing public spaces

9 Encourage a mix of uses downtown

- Mixed-use, developments, live-work units, townhomes + duplexes
- More restaurants, coworking spaces + retail

10 Establish design guidelines + building standards unique to Downtown

- Scale, density, + materials should be compatible with existing development

-  Desired Bike Lanes
-  Desired Sidewalk Connections
-  Griffin Creek
-  Desired Griffin Creek Greenway
-  Current Anchor Development
